## ALMATY

Among the interesting and beautiful places in the southern capital is the Panfilov Park, spread around the Zenkovsky Cathedral, one of the few remaining intact monuments of the tsarist period. Its uniqueness lies in the fact that the Cathedral was built of wood without the use of nails.

## LAKE KAINDY

Lake Kaindy is one of the most beautiful places in Kazakhstan. It is located in the Kengei-Alatau gorge and was formed in 1910 as a result of an earthquake. Landslides blocked the mountain gorge, which was filled with spring water, which drowned the living coniferous forest.

## KOLSAI LAKES

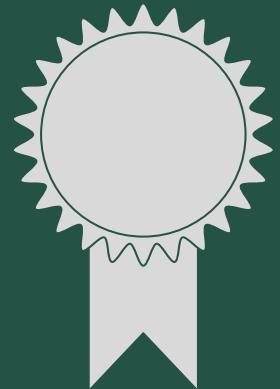

The Kul-Sey or Kolsai lakes are one of the most beautiful places in Kazakhstan, these are three green lakes filled with clear ice water of the river of the same name in the foothills of the Zailiyskiy Alatau at an altitude of 2000 m. in the surrounding mountains you can meet deer, mountain goats and even bears.
